The **TERBERG** Advantage

INCREASE PRODUCTIVITY BY 3 TO 1

The TERBERG Yard Tractor can, on average, move three trailers in the time it would take to move one with a conventional prime mover:

- Elevating 5th wheel
- No need to crank trailer legs up and down
- Reduces risk of injury
- Purpose built
- Ease of access

INCREASED RELIABILITY AND SAFETY

- Designed for stop / go operation
- Fully automatic Allison transmission
- Planetary drive axle
- Extra Heavy Duty chassis and 5th wheel members
- High power to weight ratio
- Cab intrusion safety barrier

Specialised Australia-wide customer service and support through the Clark Equipment network of branches.

TERBERG is the world's most trusted range of Specialised Industrial Vehicles and is the world's leading supplier of Heavy Duty Tractors.

SPECIFICATIONS AT A GLANCE
